Subject: Nursing Home Licensure Survey Findings for Evergreen Health and Living Center

Dear Galina Petlakh,

A state nursing home licensure survey was completed on January 30, 2018 at Evergreen Health and Living Center, pursuant to the Michigan Public Health Code, Act 368 of 1978, Part 201, Section 333.20155, which obligates the department to make at least 1 visit to each licensed health facility or agency every 3 years for survey and evaluation for the purpose of licensure.

The survey identified non-compliance with the following requirements:

333.21734 Bed Rails

The facility did not offer the use of bed rails to newly admitted residents.

At the time of the survey, the facility submitted an acceptable plan to address the non-compliance by adopting a procedure to offer the use of bed rails to newly admitted residents. Actual compliance will be verified at the time of the next onsite licensure survey.

R 325. 20707 Inventory of clothing and personal possessions

The facility was not keeping an inventory of clothing of personal possessions for all residents.

At the time of the survey, the facility submitted an acceptable plan to ensure that an inventory was completed for their residents. Actual compliance will be verified at the time of the next onsite licensure survey.

Evergreen Health and Living Center is in substantial compliance with the Michigan Public Health Code (excerpt) Act 368 of 1978, Article 17 Nursing Homes; Michigan Public Health Code Act 368 (Sections 20201 through 20203); Public Act 28 of 2006 (Criminal Background Checks) and the Michigan Administrative Rules for Nursing Homes and Nursing Care Facilities.

Please feel free to contact me if you have questions or concerns.
