## **State Licensing Infection Control Section Survey Report**

### **Facility Participants**

Roberto Cortes, Administrator  
Grace Ellis, Director of Nursing and Infection Preventionist  
Belle Okerlund, RN  
Deb Dutcher, LPN

### **State Licensing Infection Control Section Staff**

Jacklyn Hutchinson, RN, BSN, Health Care Surveyor

### **Date of Survey**

2/18/2021

### **General Information**

An infection control focused state licensure survey was conducted under the authority afforded by Parts 201 and 217 of the Public Health Code, Act 368 of 1978, and Licensing Health Facilities and Agencies Administrative Rules, R 325.45101 through 325.45385, with focus on Part 3, Subpart C – Infection Prevention and Control at Christian Care Nursing Center.

### **Survey Findings**

#### **Compliant – Findings Through Corrective Actions Identified Onsite:**

The survey identified the following findings:

#### **R 325.45135 Rule 135; Infection prevention and control policies and procedures**

During the survey, the facility's policies and procedures for transmission-based precautions did not address safe injection practices. Policies and procedures for sanitary and functional environment did not address screening for management of

patients infested with ectoparasites and single use disposable hand towels must be used for hand hygiene.

At the time of survey, the facility identified it would take the following actions, create policies and procedures to include safe injection practices, screening for management of patients infested with ectoparasites, and single use disposable hand towels must be used for hand hygiene.

- This is an acceptable plan to correct the issue(s) identified.
- Actual compliance will be verified at the time of the next onsite licensure survey.

**R 325.45139; Rule 139; Personnel; communicable disease screening; immunization; mitigation**  
**R 325.45145; Rule 145; Employee; health; communicable disease**  
**R 325.45183; Rule 183; Employee records**

Interview with the Director of Nursing revealed the facility currently screens new employees for TB, Influenza and Hepatitis B. Director of Nursing confirmed the facility does not conduct baseline screening for communicable diseases as referenced in this administrative rule.

At the time of survey, the facility identified it would take the following actions, the facility will be working with corporate on screening the immunization status of personnel for vaccine preventable diseases as designated in the "Healthcare Personnel Vaccination Recommendations," 2017 edition, published by the Immunization Action Coalition (IAC) and plans to educate staff on these changes.

- This is an acceptable plan to correct the issue(s) identified.
- Actual compliance will be verified at the time of the next onsite licensure survey.

In summary, Christian Care Nursing Center complies with the applicable infection control focused portions of Parts 201 and 217 of the Public Health Code, Act 368 of 1978, and Licensing Health Facilities and Agencies Administrative Rules, R 325.45101 through 325.45385.
