Subject: Nursing Home State Licensure Survey Findings for Omini Continuing Care Center

An onsite state nursing home licensure survey was conducted on January 30, 2023, at Omni Continuing Care Center pursuant to the Michigan Public Health Code, Act 368 of 1978, Part 201, Section 333.20155, which requires the department to make at least one visit to each licensed health facility or agency every 3 years for survey and evaluation for the purpose of licensure. A nursing home in Michigan is required to be licensed under the Michigan Public Health Code Act 368 of 1978 Part 217, Section 333.21711.

Participants included:

- Shawne Cripps, Healthcare Surveyor
- Charisse Lloyd, Administrator

Findings: **333.20173a Background Check** Not all contracted employees had fingerprint results that were in the electronic account for Omni Continuing Care. Three contracted employee files were audited and were found to not be included in the facility's electronic account. The noncompliance was corrected onsite. No further action is required.

Based on the onsite state nursing home licensure survey findings, Omni Continuing Care Center is in compliance with the Michigan Public Health Code, Act 368 of 1978, Article 17 Facilities and Agencies, Part 201 General Provisions (MCL 333.20101 through 333.20211); Part 17 Nursing Homes (MCL333.21701 through 333.21799e); and/or the Michigan Administrative Rules for Health Facilities or Agencies (R 325.45101 through R 325.45385).
